

Safeguarding Policy

Vicky's After School Club is committed to building a 'culture of safety' in which the children in our care are protected from abuse, harm and radicalisation.

The Club will respond promptly and appropriately to all incidents or concerns regarding the safety of a child that may occur. The Club's child protection procedures comply with all relevant legislation and with guidance issued by the Oxfordshire Safeguarding Children Board (OSCB).

There is a Designated Safeguarding Lead (DSL) available at all times while the Club is in session. The DSL coordinates safeguarding and child protection issues, supports practitioners with safeguarding concerns and liaises with external agencies (eg Social Care and Ofsted).

The Club's designated DSL is Vicky Hickman along with the Managers of each club and their Deputies.

Safeguarding and promoting the welfare of children is defined as:

- Providing help and support to meet the needs of children as soon as problems emerge
- Protecting children from maltreatment, whether that is within or outside the home, including online
- Preventing the impairment of children's mental and physical health and development
- Ensuring that children grow up in circumstances consistent with the provision of safe and effective care
- Taking action to enable all children to have the best outcomes

Child abuse, neglect and exploitation

Child abuse, neglect and exploitation is any form of physical, emotional or sexual mistreatment or lack of care that leads to injury or harm. An individual may abuse, neglect or exploit a child directly, or by failing to protect them from harm. Some forms of child abuse, neglect and exploitation are listed below.

- **Emotional abuse** is the persistent emotional maltreatment of a child so as to cause severe and persistent adverse effects on the child's emotional development. It may involve making the child feel that they are worthless, unloved, or inadequate. Some level of emotional abuse is involved in all types of maltreatment of a child, though it may occur alone.
- **Physical abuse** can involve hitting, shaking, throwing, poisoning, burning, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may be also caused when a parent or carer feigns the symptoms of, or deliberately causes, ill health to a child.
- **Sexual abuse** involves forcing or enticing a child to take part in sexual activities, whether or not the child is aware of what is happening. This can involve physical contact, or non-contact activities such as showing children sexual activities or encouraging them to behave in sexually inappropriate ways.
- **Neglect** is the persistent failure to meet a child's basic physical and emotional needs. It can involve a failure to provide adequate food, clothing and shelter, to protect a child from physical and emotional harm, to ensure adequate supervision or to allow access to medical treatment.
- **Domestic abuse:** Psychological, physical, sexual, financial and emotional.

Signs of child abuse, neglect and exploitation

Signs of possible abuse, neglect and exploitation may include:

- significant changes in a child's behaviour
- deterioration in a child's general well-being
- unexplained bruising or marks
- comments made by a child which give cause for concern
- reasons to suspect neglect or abuse outside the setting, eg in the child's home, or that a girl may have been subjected to (or is at risk of) female genital mutilation (FGM), or that the child may have witnessed domestic abuse
- inappropriate behaviour displayed by a member of staff, or any other person. For example, inappropriate sexual comments, excessive one-to-one attention beyond the requirements of their role, or inappropriate sharing of images.

If abuse is suspected or disclosed

When a child makes a disclosure to a member of staff, that member of staff will:

- reassure the child that they were not to blame and were right to speak out
- listen to the child but not question them
- give reassurance that the staff member will take action
- record the incident as soon as possible (*see Logging an incident below*).

If a member of staff witnesses or suspects abuse, they will record the matter straightaway using the **Logging a concern** form. If a third party expresses concern that a child is being abused, we will encourage them to contact Social Care directly. If they will not do so, we will explain that the Club is obliged to and the incident will be logged accordingly.

All staff recognise that children may not feel ready or know how to tell someone that they are being abused, exploited or neglected and/or they may not recognise their experiences as harmful. This could be due to their vulnerability, disability or language barriers. They may also feel embarrassed, humiliated or are being threatened. Our staff recognise this and where they have any concerns about a child they will raise these with the designated safeguarding lead (DSL) without unreasonable delay.

Female genital mutilation (FGM)

FGM is an illegal, extremely harmful practice and a form of child abuse and violence against women and girls. FGM is therefore dealt with as part of our existing safeguarding procedures. All of our staff receive training in how to recognise when girls are at risk of FGM, or may have been subjected to it.

If FGM is suspected or disclosed

We will follow the same procedures as set out above for responding to child abuse and will make a report to Children's Social Care directly and in line with existing safeguarding procedures and in line with our mandatory reporting duty. We will make a report to the police by calling 101, the single non-emergency number, if it has been disclosed that either:

- a girl under 18 – that an act of FGM has been carried out on her; or
- observe physical signs which appear to show that an act of FGM has been carried out on a girl under 18 and they have no reason to believe that the act was necessary for the girl's physical or mental health or for purposes connected with labour or birth.

Child-on-Child abuse

Children are vulnerable to abuse by their peers. Child-on-Child abuse is taken seriously by staff and will be subject to the same child protection procedures as other forms of abuse. Staff are aware of the potential uses of technology and the internet for bullying and abusive behaviour between young people.

Staff will not dismiss abusive behaviour as normal between young people. The presence of one or more of the following in relationships between children should always trigger concern about the possibility of child-on-child abuse:

- bullying (including cyberbullying, prejudice-based and discriminatory bullying)

- physical abuse such as hitting, kicking, shaking, biting, hair pulling, or otherwise causing physical harm (this may include an online element which facilitates, threatens and/or encourages physical abuse)
- Sexual activity (in primary school-aged children) of any kind, including sexting and may include an online element which facilitates, threatens and/or encourages sexual violence)
- One of the children is significantly more dominant than the other (eg much older)
- One of the children is significantly more vulnerable than the other (eg in terms of disability, confidence, physical strength)
- There has been some use of threats, bribes or coercion to ensure compliance or secrecy.

If child-on-child abuse is suspected or disclosed

We will follow the same procedures as set out above for responding to child abuse.

Extremism and radicalisation

All childcare settings have a legal duty to protect children from the risk of radicalisation and being drawn into extremism. There are many reasons why a child might be vulnerable to radicalisation, eg:

- feeling alienated or alone
- seeking a sense of identity or individuality
- suffering from mental health issues such as depression
- desire for adventure or wanting to be part of a larger cause
- associating with others who hold extremist beliefs

Signs of radicalisation

Signs that a child might be at risk of radicalisation include:

- changes in behaviour, for example becoming withdrawn or aggressive
- claiming that terrorist attacks and violence are justified
- viewing violent extremist material online
- possessing or sharing violent extremist material

If a member of staff suspects that a child is at risk of becoming radicalised, they will record any relevant information or observations on a **Logging a concern** form, and refer the matter to the DSL.

At Vicky's After School Club all staff are aware that abuse, neglect, exploitation and safeguarding issues are rarely standalone issues and events. In most cases multiple issues will overlap. Staff recognise that children might be at risk of harm inside and outside of their time in our club., inside and outside of their home and whilst online. Our team exercise professional curiosity to help identify early signs of abuse, neglect and exploitation and act early in cases where children might need our help or protection.

All staff at Vicky's After School Club are aware of the indicators of abuse, neglect and understand that children can be at risk of harm inside and outside of the school/college, inside and outside of the home, and online.

Staff exercising professional curiosity and knowing what to look for is vital for the early identification of abuse and neglect so that staff are able to identify cases of children who may be in need of help or protection.

All staff, but especially the designated safeguarding lead (and deputies) should consider whether children are at risk of abuse or exploitation in situations outside their families. Extra familial harms take a variety of different forms and children can be vulnerable to multiple harms including (but not limited to) sexual abuse (including harassment and exploitation), domestic abuse in their own intimate relationships (teenage relationship abuse), criminal exploitation, serious youth violence, county lines and radicalisation.

All staff at Vicky's Out of School Club are aware that technology is a significant component in many safeguarding and wellbeing issues. Children are at risk of abuse and other risks online as well as face to face. In many cases abuse and other risks will take place concurrently both online and offline. Children can also abuse other children online, this can take the form of abusive, harassing, and misogynistic/misandrist messages, the non-consensual sharing of indecent images, especially around chat groups, and the sharing of abusive images and pornography to those who do not want to receive such content. In all cases, if staff are unsure, they always speak to the designated safeguarding lead or a deputy.

Contextual Safeguarding

Contextual safeguarding recognises that as young people grow and develop they are influenced by a whole range of environments and people outside of their family. For example in school or college, in the local community, in their peer groups or online. Children and young people may encounter risk in any of these environments. Sometimes the different contexts are inter-related and can mean that children and young people may encounter multiple risks. Contextual safeguarding looks at how we can best understand these risk, engage with children and young people and help to keep them safe. It's an approach that's often been used to apply to adolescents, though the lessons can equally be applied to younger children, especially in today's changing world.

Child Criminal Exploitation (CCE)

Both CSE and CCE are forms of abuse that occur where an individual or group takes advantage of an imbalance in power to coerce, manipulate or deceive a child into taking part in sexual or criminal activity, in exchange for something the victim needs or wants, and/or through violence or the threat of violence. CSE and CCE can affect children, both male and female and can include children who have been moved (commonly referred to as trafficking) for the purpose of exploitation. Children can be forced or manipulated into transporting drugs (county lines), shoplifting or pickpocketing.

Children can become trapped by this type of exploitation as their perpetrators can threaten them and their families with violence or entrap and coerce them into debt. It is important to note that both boys and girls being criminally exploited may be at a higher risk of sexual exploitation.

Child Sexual Exploitation (CSE)

CSE is a form of child sexual abuse. Sexual abuse may involve physical contact, including penetration or nonpenetrative acts. It may include non-contact activities such as including children in the production of sexual images, forcing children to look at sexual images or watch sexual activities, encouraging children to behave in sexually inappropriate ways or grooming a child in preparation for abuse including via the internet. It can occur over time or as a one-off case. This can even be the case in older children (aged 16 and 17) as they may not realise they are being exploited and they believe they are in a genuine romantic relationship.

Logging a concern

All information about the suspected abuse or disclosure, or concern will be recorded on the **Logging a concern** form as soon as possible after the event. The record should include:

- date of the disclosure, or the incident, or the observation causing concern
- date and time at which the record was made
- name and date of birth of the child involved
- a factual report of what happened. If recording a disclosure, you must use the child's own words
- name, signature and job title of the person making the record.

The record will be given to the Club's DSL who will decide on the appropriate course of action.

For concerns about **child abuse**, the DSL will contact Social Care immediately in line with the local reporting procedures. The DSL will follow up all referrals to Social Care in writing within 48 hours. If a member of staff thinks that the incident has not been dealt with properly, they may contact Social Care directly.

For minor concerns regarding **radicalisation**, the DSL will contact the Oxfordshire Safeguarding Children Partnership (OSCP). For more serious concerns the DSL will contact the Police on the non-emergency number (101), or the anti-terrorist hotline on 0800 789 321. For urgent concerns the DSL will contact the Police using 999.

Allegations against staff

If anyone makes an allegation of child abuse against a member of staff:

- The allegation will be recorded on an **Incident record** form. Any witnesses to the incident should sign and date the entry to confirm it.
- The allegation must be reported to the Local Authority Designated Officer (LADO) immediately and to Ofsted. The LADO will advise if other agencies (eg police) should be informed, and the Club will act upon their advice. Any telephone reports to the LADO will be followed up in writing within 48 hours.
- Following advice from the LADO, it may be necessary to suspend the member of staff pending full investigation of the allegation.
- If appropriate, the Club will make a referral to the Disclosure and Barring Service.

Promoting awareness among staff

The Club promotes awareness of child abuse and the risk of radicalisation through its staff training. The Club ensures that:

- the designated DSLs have relevant experience and receive appropriate training in safeguarding and the Prevent Duty, and are aware of the Channel Programme and how to access it
- DSLs receive Level 3 training every 2 years, with regular updates throughout this period
- Procedures to ensure only suitable individuals are recruited, including obtaining references before employment commences, conducting identity and qualification checks, and recording all vetting information as part of the safer recruitment processes are understood and followed by all responsible for recruitment, in line with our Safe Recruitment policy
- all staff have a copy of this **Safeguarding policy**, understand its contents and are vigilant to signs of abuse, neglect or radicalisation
- all staff are aware of how to respond in a timely way at the earliest opportunity
- all staff are aware of their statutory duties with regard to the disclosure or discovery of child abuse, and concerns about radicalisation
- all staff attend Generalist Safeguarding training every 2 years through the Oxfordshire Safeguarding Children Partnership (OSCP)
- Safeguarding is a permanent agenda item at all staff meetings ensuring staff receive regular updates/changes with regards to safeguarding and refresh their information
- all staff receive safeguarding training meeting the requirements of EYFS Annex C, which is refreshed every 2 year
- Annual refresher training will be undertaken by all staff in the form of online courses/information to maintain basic skills. Staff are supported to implement learning through supervisories, staff meetings and mentoring
- all staff receive basic training in the Prevent Duty
- staff are supported to understand how to keep themselves safe and how to blow the whistle should they be concerned about another adults behaviour or practise
- staff are familiar with the Safeguarding File and where to find it

- the Club’s procedures are in line with the guidance in ‘Working Together to Safeguard Children (2026)’ and staff are familiar with ‘What To Do If You’re Worried A Child Is Being Abused (2015)’
- The DSL and DDSL’s will provide support, advice and guidance to all practitioners on an ongoing basis and on any specific safeguarding issue as required.

Use of mobile phones and cameras

Photographs will only be taken of children with their parents’ permission. Only the club camera will be used to take photographs of children at the Club, except with the express permission of the manager. Neither staff nor children nor visitors may use their mobile phones or wearable technology such as smart watches to take photographs at the Club. For more details see our **Mobile Phone, Tablet, Computers and Wearable Technology Policy**.
